WOMENS RUNNING / SPRING 2014

The women's Nike Dri-FIT Knit Tank is a lightweight running top that uses an innovative engineered knit fabric to help keep athletes the optimal temperature with zero distractions.

Dri-FIT Knit fabric helps keep you dry and comfortable.

Seamless construction reduces irritation caused by chafing.

Long length sits below the hip for coverage.

FEATURES AND BENEFITS

FABRIC ATTRIBUTES

- 1 Dri-FIT Knit fabric helps keep you dry and comfortable. It's seamlessly constructed with nylon and polyester yarns for a soft, lightweight feel.

DESIGN

- 2 Seamless construction reduces irritation caused by chafing.
- 3 Long length sits below the hip to help prevent the top from riding up during runs.
- 4 Racerback design allows for great range of movement.
- 5 Panels of mesh are knit into the fabric to enhance breathability.
- 6 Cord management loop on the center-back neck helps keep cords in place while running.
- 7 Reflective elements remain visible in low-light conditions.
